

HE HAD TWO FIGHTS

MR. DAVID HAYS HAS TROUBLE YESTERDAY IN CRIPPLE CREEK.

He Arrived in the Famous Mining Town on an Early Morning Train and Makes a Remark to Herbert Levy, Formerly of This City, Who Kneels Him Down—About Noon He Had Another Fracas With a Stranger Who Beat Him Unmercifully—He Cried for the Police and Became Hysterical.

A telegram received from Cripple Creek last night said that Mr. David Hays of this city arrived there on the early morning train and that he had serious trouble before he left the town. Mr. Hays met Herbert Levy, formerly of this city, and a graduate of the city high school here, and now doing newspaper work in Cripple Creek. He is said to have made some remark to Mr. Levy and Mr. Levy struck him a single blow on the cheek, knocking him down on the stone pavement and causing Mr. Hays to bleed profusely. What the trouble started about could not be learned. Mr. Hays screamed for the police. The crowd in and separated the combatants.

At noon he got into an altercation with another man and another fight ensued. The man's name could not be learned, as he left the scene of the fracas before his identity could be established. In the second fight Mr. Hays was badly beaten and this time he made no effort to defend himself but kept calling for an officer. He was hysterical and kept crying for the police long after they had arrived.

He was escorted to the depot by a policeman, where he took the train for the east. His cheek was twice the size of the other and he was bleeding from the nose. He was taken to a hospital and his wounds were treated. He was discharged yesterday and is now in the city.

NO SLEEP FOR THREE MONTHS

One Cause of Sleeplessness That Can Be Effectively Overcome.

Mr. Wm. Handeich of 56th St., Cotton Alley, Pittsburg, Pa., expresses himself as follows regarding the new remedy for that common and obstinate disease, piles: "I take pleasure in stating that I was afflicted with piles for three months I got no regular sleep; I became completely prostrated, the doctors did me no good; my brother told me of the new remedy for piles, the Pyramid Pile Cure; I purchased from my druggist three 50 cent bottles and they completely cured me. I am once more at my work and but for this excellent medicine I should be on my back. I take great pleasure in writing this letter because so many people are suffering from this trouble who like myself did not know where to look for a permanent, reliable, safe cure."

Experience with the Pyramid Pile Cure in the past three years has demonstrated to the medical profession, as well as to thousands of sufferers from piles, that it is the safest and most effective cure ever offered to the public, containing no opiates or poisons of any kind, painless and convenient to handle and being sold by druggists at 50 cents and \$1 per box, is within the reach of every sufferer.

Very frequently two or three boxes have made a complete cure of chronic cases that had not yielded to other remedies for years.

There is scarcely a disease more aggravating and obstinate to cure than the various forms of piles and it is a common practice to use ointments, salves and similar preparations containing dangerous poisons to remove the trouble. The Pyramid Pile Cure is a simple, safe and effective remedy and no one suffering with any rectal trouble make any mistake in giving the Pyramid Pile Cure a trial.

If in doubt as to the nature of your trouble send to the Pyramid Drug Co., Albion, Mich., for a valuable little book on piles, describing all forms of the disease and describing the method of cure.

Any druggist can furnish the Pyramid Pile Cure as it is the best known and most popular remedy for piles and if you ask him he can doubtless refer you to many people in your vicinity who have been cured completely by it.

TRIAL BONDS FILED

SHERIFF MARTIN AND HIS DEPUTIES ARE HELD.

Testimony Presented on Their Preliminary Hearing is Deemed Sufficient to Demand Their Binding Over and Bail is Furnished by a Trust Company in Six Thousand Dollars Each—All Colliers in the Hazleton Region Working, Though With Short Forces—Council of the Federation of Labor Continues.

Willesbarre, Pa., Sept. 22.—The taking of testimony in the preliminary hearing of the Commonwealth vs. Sheriff Martin and his deputies was resumed today. Many of the commonwealth's strongest witnesses admitted on cross examination that their object in going to Latimer was to set the men at work there to quit and join them.

Anthony Bonovich testified that he was in the seventh row of the marching column. The sheriff called out something. Then he took hold of the witness by the coat collar and pointed his revolver at him. Witness pushed the revolver aside. Then he heard the sheriff give the command to fire. He said Sheriff Martin was about 200 yards in advance of the deputies.

Martin Sholinski was suffering much pain from a bullet wound in his shoulder when he took the stand. He said he was running toward the bush when he was shot. He saw the sheriff in the middle of the road, heard him say something and immediately the firing began. He admitted that he was with the mob in West Hazleton in the morning when the sheriff warned them to go home.

Mrs. Kate Case, who resides at Latimer, swore that the neighborhood was terrorized because the rumor got around that the strikers intended to blow up the town. She said she fled to the mountains with her family, as did a number of her neighbors.

Upon the re-assembling of court at 2:30 the judges thought sufficient evidence had been produced to hold the defendants for trial.

The sheriff and the deputies then came before the bar and entered bail in the sum of \$5,000 each, \$5,000 for murder and \$1,000 for feloniously wounding. A bond was provided by a Philadelphia trust company.

ALL COLLIERS WORKING.

Hazleton, Pa., Sept. 22.—Practically every colliery in the region was working today, though not with full forces of men. The Audenried did not go out and the 600 at Yorktown had returned to work.

The feeling prevalent for several days that there would be no further trouble in the region has changed to some extent by reason of the burning of the Evans breaker at Beaver Meadow last night. All the evidence in connection with the fire points to incendiary origin, and consideration of the withdrawal of the military will, therefore, be deferred.

A squadron of the city troops was sent to Beaver Meadow this morning to be on hand in case of further trouble. Organizer Fahey of the Miners' union, says the miners will have to suffer in public opinion in consequence of the fire, whether it resulted from accident or malicious intent, but he intimated that the fire might have been the work of persons not identified with the strikers, for the purpose of swaying public opinion against the latter.

FEDERATION COUNCIL.

Washington, Sept. 22.—The executive council of the American Federation of Labor met today at the headquarters of the organization in this city to discuss the mining situation. There were present Samuel Gompers, the president of the American Federation of Labor; Frank Morrison, P. J. Maguire of Philadelphia; James Duncan of Baltimore; James O'Connell of Chicago; Mr. Garland of Pittsburgh; M. D. Hatchford, president of the United Mine Workers' association; Cameron Miller, of the executive board of the United Mine Workers; and Frank J. Weber, one of the Federation of Labor organizers in the West Virginia mining district.

After adjusting some international matters, the subject of membership of employers and foremen in an affiliated union at Bonner, Montana, was discussed at length by the council. It being alleged that the working members of the union were not free in the exercise of their rights by reason of their employers. A decision was reached compelling the employers and their foremen and bosses to be released from their membership in the organization, in order that the original purpose for the betterment of the wage workers may not longer be interfered with.

The dispute existing between the United States of North America and the John B. Steaton company was also a matter of discussion, and some of the executive officers of the federation will request the firm to recognize the union of hatters and to grant fair and reasonable conditions to their employees.

On application of the Can Makers union for a general boycott of firms antagonistic to the miners' interests the conclusion was reached that it would be more advisable and more just to examine into each individual complaint, in order that firms who would agree to employ union help might not be placed at a disadvantage, as they would be under a general boycott.

The council also resolved to continue its present organizers in the mining districts of West Virginia and Illinois and also to appoint two additional organizers to aid the miners in those states in effecting an early settlement of their wage scale, based upon the agreement of the Columbus convention.

The council also has under advisement the matter of securing assistance to aid the miners to continue to prosecute the fight until victory shall be complete and general.

BIG ROW AT A WEDDING

Bride Claims the Groom Made Away With the Parents.

New York, Sept. 22.—There is a wedding cake in the tip flat at No. 138

Park avenue that is in danger of spoiling. It was to have been cut last Sunday, but the bridegroom came not. He fled three days before the time set for the marriage ceremony, and it was supposed at first he had sailed for Europe, but he did not go further away than Albany.

From the state capital he returned yesterday morning by boat, in a repentant frame of mind, and the prospective bride was on the pier to meet him, but there was no loving embrace. A stern-faced detective was with her, and he arrested the recalcitrant young man on a charge of stealing the wedding presents, diamond earrings and a gold watch and locket.

The prisoner is Frederick Hillmeyer, twenty-four years old, a son of Henry Hillmeyer, proprietor of the West End Casino, lessee of Dwinglo's Hotel and owner of a seaside cottage, all at Rock away Beach, L. I. His accuser is Miss Emma Viola Street, an actress known on the vaudeville stage as Dolly Howe, and whose specialty is the impersonation of male characters. She was once known as Dolly Adams.

When young Hillmeyer stepped off the Dean Richmond yesterday morning and found Miss Street on the pier waiting for him, he greeted her with smiles.

"Oh, Freddy, why did you run away from me in this manner?" she asked.

"They made me," he answered, "but probably we can come to some understanding."

Just then Detective Hannigan told Hillmeyer he was under arrest, and the journey to the Harlem Police court was made in silence.

The proceedings were brief, and Hillmeyer was held in \$1,500 bail on the charge of grand larceny for examination Monday. As he was being led away to the prison he asked if he might be allowed to speak to Miss Street. As she approached him he took her in his arms and kissed her. "I love you as much as ever," he said. "This is terrible. When it is over will you marry me?"

"Freddy, I don't know what to say," said Miss Street, who became so faint she had to be revived with a glass of water.

Young Hillmeyer went to a cell, and Miss Street returned to her flat, at Park avenue and 11th street, where a wedding cake was mouldering in a closet.

She went to bed and refused to get up when Hillmeyer's sister, Mrs. Mary Klein of No. 200 East Ninety-ninth street, arrived in a cab and urged her to accompany her back to the court and withdraw the complaint. Mrs. Klein returned to the prison court and shed a few tears over Frederick and hurried away to get bail.

Hillmeyer talked to me through the bars in Harlem Court Prison. He wore the gold watch and locket, inside of which were the photograph of Miss Street and himself in bathing costume.

ST. JOSEPH IS SCARED

Afraid of Being Left Staring at a Bed of River Sand.

St. Louis, Sept. 22.—Congressman Cochran, Mayor Vorles and Editor Frank Freytag of the Gazette, representing the city of St. Joseph, appeared before the Missouri river commission today and made an argumentative appeal for Belmont Bend.

The bend is about a mile above the city of St. Joseph, and at that point the river is about to make a sharp turn in a straight southerly course, which would leave St. Joseph confronting a river bed of sand. Unless something is done soon to prevent it, the departure of the river from its present course is inevitable.

Fire at Olathe, Kansas. Olathe, Kan., Sept. 22.—Fire, which started in the center of the city at 1 o'clock this morning, caused a loss of \$25,000. Two stone and four frame business buildings were destroyed. The loss is divided among twelve firms. Insurance about half.

NICARAGUA GOLD MINERS

Will Be Made to Pay a Big Export Duty on Their Product.

Washington, Sept. 22.—The owners of gold mines in Nicaragua are worried over a decree published August 15 and taking effect immediately establishing an export duty of \$1 gold per ounce on gold ingots and \$2 per ounce on gold dust. The information comes to the state department from Consular Agent Clancy at Bluefields. He says the old duty was 35.44 cents per ounce on gold. The mining interests have united in petitioning the government to revoke the decree, which they assert, would be ruinous to a new industry. Last year the gold exports from Bluefields amounted to \$169,565, an increase of \$31,636 over the preceding year's shipments.

OLD THEOLOGY AND THE NEW

This Topic Engrosses the Attention of the Congregational Conference.

Saratoga, N. Y., Sept. 22.—"The Old Theology and the New" was the topic taken up at the morning session of the Congregational conference. Papers were read "In Relation to History and Philosophy" by the Rev. John W. Chadwick of Brooklyn and "In Relation to Bible Criticism" by the Rev. W. S. Crowe, D. D.

The Rev. Charles F. Dole of Jamaica Plain, Boston, discussed "The Points of Contact and Difference Between Unitarianism and the New Orthodoxy."

Mr. Dole defined the new orthodoxy as substantially the same system of religious philosophy as Unitarianism hold, with the same idea of the universe. It has, he said, got rid of the devil, the fall of man and like pieces of the medieval scheme. With Unitarians it pursues in general the same ideal ends for human society and the individual.

The differences between the new orthodoxy and modern Unitarian thought, Mr. Dole added, are not very important. It is highly important, however, that the minds of religious leaders and teachers shall be perfectly free and unfettered.
